Subject: FW: Alleged Violations of the NEPA process in Honolulu

Cliff Slater, the Honolulu gadfly with money to burn, is taking advantage of the Secretary's strong advocacy of HOT lanes by writing directly to her, Duvall, and Horner. It seems to be working, because Sherry Little is taking an inordinate interest in the issue. I do not know to which office the control response has been assigned.

Subject: Violations of the NEPA process by FTA

Dear Secretary Peters:

Attached is our letter of protest regarding what we believe are clear violations of the NEPA process by FTA in eliminating the Managed Lane Alternative from Honolulu's Major Transit Corridor Draft Environmental Impact Statement.

Cliff Slater
